Charging kit for laptops, smartphones and tablets with 65W Power Delivery wall charger and 2 m USB-C cable

SKU: LAKITTR1C65WK

A convenient, compact and complete solution for charging all your devices

POWERFUL AND SAFE CHARGING ALSO FOR LAPTOPS

This practical and complete kit is designed to deliver **fast and high-power charging**, perfect for laptops, smartphones and tablets. Thanks to the high power output (**up to 65W**), the included charger can also power more demanding devices, making it ideal for smart working, studying and everyday use at the office or at home.

POWER DELIVERY TECHNOLOGY FOR DYNAMIC AND SAFE CHARGING

The **Power Delivery 3.0** technology allows the charger to automatically adapt the power output according to the connected device. This system ensures **optimised, stable and safe charging**, improving energy efficiency, protecting the battery and reducing charging times.

A COMPACT AND COMPLETE CHARGING SOLUTION

GaN (gallium nitride) semiconductors enable high performance in a compact format: the result is smaller yet more efficient chargers, offering a convenient charging solution that is easy to carry without sacrificing power.

Start charging right away without needing additional accessories: the **2-metre USB-C cable included** provides greater freedom of use, making the kit practical both in the office, at home or while travelling. In addition to its charging function, this cable also supports data synchronization and transfer.
