Fast Skin PLUS protective film

SKU: TEFSTSKINSHEETPLUS

Fast Skin sheet for vacuum technique applications, pack of 10

The Fast Skin PLUS protective film is designed for application using the vacuum and UV technique: it adapts perfectly to the smartphone being covered giving it optimum protection. This film, in fact, is not only very resistant, but it is also self-healing: if scratched by small bumps and scratches it will be as good as new.

Swiping your finger on the screen will always be pleasant and friction-free: actions such as scrolling and tapping are absolutely fluid.

It is also fingerprint-proof and easy to clean.
